1. Applicants have amended claims 55, 57 to overcome the previous & 112 rejection of claims 55, 57, 58.

***Allowable Subject Matter***

2. Claims 1-58 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claims 1, 17, 35, 54, 56, the cited prior art of record fails to disclose or suggest the step of etching the hardmask layer and the final stop layer until the initial stop layer is exposed to define an etch region/ etching the hardmask layer until the stop layer is exposed to define an etch region. The closest cited prior art of Lee et al. (col 5,593,919) clearly discloses etching the hardmask layer 49 and the final stop layer 45 without exposing the initial stop layer/stop layer 41 to define an etch region (Fig. 6).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
